

MD48 DRY TRIMMER

LARGE-SCALE OSCILLATING DRY TRIMMER

The MD48 is specifically designed for dry trimming processes, with a capacity of up to 72 lbs per hour. Achieve faster and easier loading & unloading, all quietly and efficiently controlled by the touchscreen interface. The proprietary auto-tensioning shear band technology eliminates the need for lubricants and vacuums, keeping your flower trichome-rich and ready for the premium flower market.

TOP RATED SAFETY FEATURES

The MD48 boasts industry-leading safety features, including tote sensing and lid interlock to prevent unexpected start-ups and reduce the risk of injury.

SAVABLE SETTINGS

The touchscreen HMI allows you to create your own recipes for different strains, keeping track of tumbler speeds, timers, and tilting settings, then saving them for future harvests.

OSCILLATING TECHNOLOGY

The system will pitch the unit back and forth, mixing the product more efficiently and speeding up the trimming process. The motorized pivot technology allows you to rotate the drum to load, run, and empty the machine ergonomically with the push of a button.

AUTO-TENSIONING SYSTEM

Easily remove the drum for fast, tool-free cleaning, or to swap the trimming drum. Get non-stop trimming or optional kief extraction without having to re-tension your machine

REDUCE OPERATING COSTS & LABOR

Eliminate the hassles of staffing while reducing operating and labor costs and increasing trim consistency across every harvest. Deliver better product on a more consistent schedule.

KEY FEATURES

Up to 72 LBS/HR

HMI touchscreen controls

GMP ready

Pressure washable

Lubricant free

Motorized loading and unloading (actuator)

±30 degree tilting for mixing/loading/unloading

Loads from both sides

Spring assisted top lid allowing easy access to drum and tool-free drum swap and cleaning

Auto-tensioning shear band

Kief kit available

SPECIFICATIONS

MD48 DRY TRIMMER

Body Construction	Stainless Steel
Tote	Polycarbonate
Shear Band	Nylon 6/6, Autotensioning
Speed Adjustments	1 – 11
Power Tilting	Yes
Tumbler Oscillation While Trimming	Yes
Motor	90W
HMI Control	Yes
Saveable Settings	Yes
Weight	310 LBS (140.6 KG)
Dimensions	48" (122 cm) H 32" (81 cm) W 51" (130 cm) L
Fits Through A 32" Door	Yes
Recommended PPE	Eye Protection Dust Mask
AC Voltage	NA (60Hz): 120 V, 6 A ITL (50Hz): 240 V, 3 A
Warranty	1 Year
Motor Markings	UL, CSA, CCC, EN, CE
